SKILLS

PROGRAMMING

Confident

Java • HTML • CSS • Vue • Nuxt

Familiar:

C/C++ • MySQL • Django • TailwindCSS

TOOLS:

Git • GitHub • VS Code • Firebase
Netlify • Vercel • Heroku

EXPERIENCE

IOTRON | WEB DEVELOPMENT INTERN

Jun 2021 - Jul 2021 | Remote

- Implemented **Nuxt.js** framework into company's real world projects like **Jetpax** and **Signet Logo**.
- Worked on Frontend part of both projects and embedded data coming from **API** into Website.
- This, Internship taught me a lot about **Vue** and **Nuxt** Technologies.

SAHU TECHNOLOGIES | PYTHON DEVELOPMENT INTERN

Jul 2021 - Aug 2021 | Remote | [Live Link](#)

- As a Python Development Intern, They have assigned me a task to create **Weather Web App** using Python.
- I developed Weather App from scratch using **Django Framework** and **OpenWeatherMap API**.

ACE PHCET - CLUB | WEB DEVELOPER

Mar 2022 - Present | Remote | www.ace.phcet.ac.in

- Developed a website for our college's ACE (Association Of Coders & Encoders) Club.
- Implemented **Nuxt.js** Framework for Frontend and **Django REST Framework** for Backend.
- Developed **REST API's** for website using Django REST Framework.
- Hosted Frontend on **Netlify** and Backend on **Heroku**.

PROJECTS

BULMA BLOCKS | DEVELOPER / CREATOR

Jan 2022 - Present | www.bulmablocks.netlify.app

Bulma Blocks is **Open-Source Project** which helps user's to make websites within some minutes by doing just copy and paste. This is My personal Project, developed by using **Nuxt.js**, **Bulma CSS**, **Vuetify** and Deployed using **Netlify**.

VCODE - ONLINE CODE EDITOR | DEVELOPER

Aug 2021 - Nov 2021 | [Source Code](#)

Implemented **Vue.js**, **Bootstrap**, **Firebase Authentication** and **Django REST Framework** to develop online Code Editor for HTML, CSS and JS. This is the 4th Semester project of our group. Used **REST API's** to save and retrieve codes and user information.
